Subject: Support for Hualapai Valley Solar Project

0000118972

Commissioner Newman:

The American Subcontractors Association of Arizona (ASA of Arizona) represents over 150 member firms and thousands of their employees statewide who are subcontractors, specialty contractors, suppliers and professional service providers serving the construction industry in Arizona. ASA of Arizona asks you to vote in support of the Hualapai Valley Solar Project, Docket Number L-00000NN-09-0541-00151 Certificate of Environmental Compatibility authorizing construction.

Arizona had nearly 16,000 construction firms in 2008, of which 86% were small with fewer than 20 employees. Many businesses have failed since then for lack of work; others have needed to contract their workforce dramatically to stay in business. As an association that currently represents a large cross-section of small business owners. ASA of Arizona urges you to support this very important project, the construction work it represents, and the people it will put back to work.

Respectfully,

Carol
